OFS CAPITAL CORPORATION ANNOUNCES FOURTH QUARTER AND FULL YEAR 2018 FINANCIAL RESULTS

Fourth Quarter Net Investment Income of \$0.40 per common share Increased 38% year-over-year
Paid \$1.36 per common share in Regular Distributions in 2018
Paid \$0.37 per common share in additional Special Distributions in 2018

Chicago, IL-March 8, 2019-OFS Capital Corporation (Nasdaq: OFS) ("OFS Capital," "we," "us," or "our") today announced its financial results for the fiscal quarter and the full year ended December 31, 2018.

FINANCIAL HIGHLIGHTS

- Fourth quarter net investment income of \$5.3 million, or \$0.40 per common share an increase of 38% year-over-year and above the \$0.34 quarterly distribution.
- Full year 2018 net investment income of \$18.4 million, or \$1.38 per common share an increase of 8% year-over-year and above the \$1.36 regular distribution.
- Paid \$1.73 per share in distributions in 2018, inclusive of a \$0.37 special distribution.
- Closed investments in the fourth quarter of approximately \$79.6 million.
- Net asset value ("NAV") per share decreased to \$13.10 at December 31, 2018 from \$13.75 at September 30, 2018 due to unrealized depreciation of the portfolio. No new non-accruals.
- At December 31, 2018, 88% of our loan portfolio consisted of senior secured loans, based on fair value.
- On March 5, 2019, OFS Capital's Board of Directors declared a distribution of \$0.34 per share for the first quarter of 2019, payable on March 29, 2019 to stockholders of record as of March 22, 2019.

"Our net investment income again exceeded our distribution," said Bilal Rashid, OFS Capital's Chairman and Chief Executive Officer. "We have declared 25 consecutive quarterly distributions of \$0.34 per common share since our IPO in late 2012, which we believe places us in a select group of BDCs that have been able to maintain their distribution over this time. In total, we have declared \$8.70 per common share in regular and special distributions and our net investment income over the last four years exceeded our regular distributions."

"We believe that the breadth and expertise of our advisor puts us in a strong position to benefit from the increase in the leverage allowance for BDCs and enhance our net investment income. Our commitment to capital preservation, and strong long-term performance is enhanced by the alignment of interests of our stockholders and our advisor, which owns approximately 22% of the outstanding OFS Capital common stock."

- (1) The weighted average yield on our performing debt investments is computed as (a) the annual stated accruing interest on our debt investments at the balance sheet date, plus the annualized accretion of loan origination fees, original issue discount, market discount or premium, and loan amendment fees divided by (b) amortized cost of our debt investments, excluding assets on non-accrual basis as of the balance sheet date.
- (2) The weighted average yield on total debt investments is computed as (a) the annual stated accruing interest on our debt investments at the balance sheet date, plus the annualized accretion of loan origination fees, original issue discount, market discount or premium, and loan amendment fees divided by (b) amortized cost of our debt investments, including assets on non-accrual basis as of the balance sheet date.
- (3) The weighted average yield on total investments is computed as (a) the annual stated accruing interest on our debt investments at the balance sheet date, plus the annualized accretion of loan origination fees, original issue discount, market discount or premium, and loan amendment fees, plus the effective cash yield on our performing preferred equity investments divided by (b) amortized cost of our total investment portfolio, including assets on non-accrual basis as of the balance sheet date. The weighted average yield of investments is not the same as a return on investment for our stockholders but, rather, relates to a portion of our investment portfolio and is calculated before the payment of all of our fees and expenses.

PORTFOLIO AND INVESTMENT ACTIVITIES

During the fourth quarter of 2018, we closed nine senior secured debt investments in eight new portfolio companies totaling \$45.7 million. In addition, we made \$30.6 million of senior secured debt investments in existing portfolio companies, including \$2.6 million in delayed draw and revolver fundings and equity investments of \$0.7 million.

The total fair value of our investment portfolio was \$396.8 million at December 31, 2018, which was equal to approximately 96% of amortized cost. As of December 31, 2018, the fair value of OFS Capital's debt investment portfolio totaled \$363.6 million in 44 portfolio companies, of which 88% and 12% were senior secured loans and subordinated loans, respectively. As of December 31, 2018, we also held approximately \$33.2 million in common and preferred equity investments, at fair value, in 13 portfolio companies in which we also held debt investments and six portfolio companies in which we solely held an equity investment. We had unfunded commitments of \$8.2 million to four portfolio companies at December 31, 2018. As of December 31, 2018, floating rate loans comprised 87% of OFS Capital's debt investment portfolio, with the remaining 13% in fixed rate loans, as a percentage of fair value.

RESULTS OF OPERATIONS

Income

Interest Income

Interest income increased approximately \$10.2 million, due to a \$8.9 million increase in recurring interest income caused by a \$76.8 million increase in the average outstanding loan balance during 2018 along with an increase of \$0.7 million in recurring interest income resulting from a 23 basis point increase in the weighted average yield in our portfolio during the year ended December 31, 2018. Acceleration of Net Loan Fees (defined as loan origination fees, original issue discount, market discount or premium and loan amendment fees) of \$1.1 million and \$0.6 million were included in interest income for the years ended December 31, 2018 and 2017, respectively, from the repayment of loans prior to their scheduled due dates.

Fee Income

We recorded prepayment fees of \$0.9 million resulting from \$50.0 million of unscheduled principal payments during the year ended December 31, 2018, compared to \$1.0 million from \$60.2 million of unscheduled principal payments during 2017. We recognized capital structuring fees of \$0.0 million and \$0.5 million for the years ended December 31, 2018 and 2017, respectively, upon the closing of \$0 and \$55.7 million of debt and equity investments, respectively. We ceased recognition of such fees with the adoption of ASC 606. We recognized syndication fees of \$0.7 million and \$0.2 million for the years ended December 31, 2018 and 2017, respectively, resulting from approximately \$64 million and \$21 million in loan originations during each period in which OFS Advisor sourced, structured, and arranged the lending group, and for which we were additionally compensated.

Expenses

Interest expense

Interest expense increased by \$3.4 million primarily due to \$3.1 million relating to the April 2018 and October 2018 unsecured note issuances of \$98.5 million (the "Bond Issuances").

Management Fees

Management fee expense increased by \$1.3 million due to an increase in our average total assets, primarily due to an increase in net investment activity, including the deployment of funds from the Bond Issuances.

Incentive Fees

Incentive fee expense increased by \$1.4 million primarily due to a \$2.5 million increase in net investment income relating to the deployment of the proceeds from the Bond Issuances.

Net Gain (Loss) on Investments

We recognized net losses of \$9.0 million on senior secured debt during the year ended December 31, 2018, primarily as a result of a realized loss of \$3.5 million on our senior secured debt investment in Jobson Healthcare recognized upon the sale in the second quarter of 2018, as well as by the negative net impact of mark-to-market adjustments in the fourth quarter relating to our broadly syndicated loan investments resulting in an unrealized loss of \$5.5 million.

We recognized net losses of \$3.3 million on subordinated debt during the year ended December 31, 2018, primarily as a result of a realized loss of \$3.5 million on the restructuring of the Southern Technical Institute, LLC subordinated debt investment, of which \$2.3 million was recognized as unrealized losses in prior years, and net unrealized depreciation of \$2.1 from the negative impact of specific performance factors, of which \$2.1 million related to Master Cutlery LLC.

We recognized net losses of \$2.0 million on preferred equity investments for the year ended December 31, 2018, as a result of unrealized losses of \$1.4 million relating to TRS Services, LLC, and other negative net impact of portfolio company-specific performance factors on other investments resulting in an additional unrealized loss of \$0.6 million.

We recognized net gains of \$5.5 million on common equity and warrant investments for the year ended December 31, 2018, as a result of net realized gains of \$3.7 million, primarily driven by a \$4.1 million realized gain on the sale of All Metals Holdings, LLC., and the positive impact of portfolio company-specific performance factors resulting in unrealized appreciation of \$1.8 million for the year ended December 31, 2018.

LIQUIDITY AND CAPITAL RESOURCES

At December 31, 2018, we had \$38.2 million in cash and cash equivalents, which includes cash and cash equivalents of \$36.0 million held by our wholly owned small business investment company. At December 31, 2018, we had \$260.4 million in debt, which includes \$149.9 million in outstanding SBA-guaranteed debentures, \$98.5 million in unsecured notes and \$12.0 million outstanding under our \$50.0 million revolving credit facility with Pacific Western Bank. As of December 31, 2018, we had \$38.0 million available for additional borrowings on our Pacific Western Bank credit facility and had drawn all of our available SBA-guaranteed debentures.

ABOUT OFS CAPITAL

OFS Capital Corporation is an externally managed, closed-end, non-diversified management investment company that has elected to be regulated as a business development company. OFS Capital's investment objective is to provide stockholders with both current income and capital appreciation primarily through debt investments and, to a lesser extent, equity investments. OFS Capital invests primarily in privately held middle-market companies in the United States, including lower-middle-market companies, targeting investments of \$3 million to \$20 million in companies with annual EBITDA between \$3 million and \$50 million. OFS Capital offers flexible solutions through a variety of asset classes including senior secured loans, which includes first-lien, second-lien and unitranche loans, as well as subordinated loans and, to a lesser extent, warrants and other equity securities. OFS Capital's investment activities are managed by OFS Capital Management, LLC, an investment adviser registered under the Investment Advisers Act of 1940 and headquartered in Chicago, Illinois, with additional offices in New York and Los Angeles.

FORWARD-LOOKING STATEMENTS

Statements in this press release regarding management's future expectations, beliefs, intentions, goals, strategies, plans or prospects, including statements relating to: OFS Capital's results of operations, including net investment income, net asset value and net investment gains and losses and the factors that may affect such results; management's belief regarding the Company's status relative to other BDCs and, in particular those who have paid consistent distributions since 2012; management's belief that the expertise of its investment advisor positions the Company to leverage recent regulatory change to increase net investment income; the alignment of interest of the Company's stockholder and the investment advisor and whether such interest impacts the Company's commitment to capital preservation and long-term performance; and other factors may constitute forward-looking statements for purposes of the safe harbor protection under applicable securities laws. Forward-looking statements can be identified by terminology such as "anticipate," "believe," "could," "could increase the likelihood," "estimate," "expect," "intend," "is planned," "may," "should," "will," "will enable," "would be expected," "look forward," "may provide," "would" or similar terms, variations of such terms or the negative of those terms. Such forward-looking statements involve known and unknown risks, uncertainties and other factors including those risks, uncertainties and factors referred to in OFS Capital's Annual Report on Form 10-K for the year ended December 31, 2018 filed with the Securities and Exchange Commission under the section "Risk Factors," as well as other documents that may be filed by OFS Capital from time to time with the Securities and Exchange Commission. As a result of such risks, uncertainties and factors, actual results may differ materially from any future results, performance or achievements discussed in or implied by the forward-looking statements contained herein.
