#### **Item 8.01 Other Events.**

On June 11, 2019, OFS Capital Management, LLC, the investment adviser (“OFS Advisor”) to OFS Capital Corporation, a Delaware corporation (the “Company”), agreed to waive a portion of its base management fee by reducing the portion of such fee from 0.4375% per quarter (1.75% annualized) to 0.25% per quarter (1.00% annualized) of the average value of the portion of the total assets held by the Company through OFSCC-FS, LLC, an indirect wholly owned subsidiary of the Company (the “OFSCC-FS Assets”), at the end of the two most recently completed calendar quarters to the extent that such portion of the OFSCC-FS Assets are financed using leverage (also calculated on an average basis) that causes the Company’s statutory asset coverage ratio to fall below 200%. When calculating its statutory asset coverage ratio, the Company excludes its SBA guaranteed debentures from its total outstanding senior securities as permitted pursuant to exemptive relief pursuant to an order issued by the Securities and Exchange Commission dated November 26, 2013. The waiver will be renewable on an annual basis and the amount of the base management fee waived with respect to the OFSCC-FS Assets shall not be subject to recoupment by OFS Advisor.

The Company anticipates establishing a secured revolving credit facility through OFSCC-FS, LLC, as borrower, which, along with the Company’s other existing debt sources, will enable it to use the flexibility and incremental leverage permitted under the Small Business Credit Availability Act in the future. There can be no assurance that the Company will establish such a credit facility or, if consummated, the Company will achieve any benefits from increased leverage.
