The following slides contain summaries of certain financial and statistical information about OFS Capital. We undertake no duty or obligation to publicly update or revise the information contained in this presentation. In addition, information related to past performance, while helpful as an evaluative tool, is not necessarily indicative of future results, the achievement of which cannot be assured. You should not view the past performance of OFS Capital, or information about the market, as indicative of OFS Capital's future results. This presentation does not constitute an offer to sell or the solicitation of an offer to buy any securities of OFS Capital.

CIM Assets Owned and Operated

Assets Owned and Operated (AOO) represents the aggregate assets owned and operated by CIM on behalf of partners (including where CIM contributes alongside for its own account) and co-investors, whether or not CIM has discretion, in each case without duplication. AOO includes total gross assets at fair value, with real assets presented on the basis described in the Book Value disclosure and operating companies presented at gross assets less debt, as of June 30, 2018 (the "Report Date") (including the shares of such assets owned by joint venture partners and co-investments), plus binding unfunded commitments. The only investment currently held by CIM REIT consists of shares of CMCT Common Stock; the Book Value of CIM REIT is determined by assuming the underlying assets of CMCT are liquidated based upon the third-party appraised value, which represents the assets' third-party appraised value as of December 31, 2017 plus capital expenditures through June 30, 2018. CIM does not view the market price of CMCT's publicly-traded Common Stock to be a meaningful indication of the fair value of CIM REIT's interest in CMCT due to the fact that the publicly-traded shares of CMCT represent less than 5% of the outstanding shares of CMCT and are thinly-traded. AOO also includes the \$0.3 billion of AOO attributable to CIM Compass Latin America (CCLA), which is 50% owned and jointly operated by CIM. AOO for CMMT Partners, L.P. (which represents assets under management), a perpetual-life real estate debt fund, is \$0.5 billion as of the Report Date.

Book Value for each investment generally represents the investment's book value as reflected in the applicable fund's unaudited financial statements as of the Report Date prepared in accordance with U.S. generally accepted accounting principles on a fair value basis. These book values generally represent the asset's third-party appraised value as of the Report Date, but in the case of CIM's Cole Net-Lease Asset strategy, book values generally represent undepreciated cost (as reflected in SEC-filed financial statements).

SBIC Subsidiary

- The SBIC program is administered by the U.S. Small Business Administration (“SBA”), which is a U.S. federal government agency
- SBICs are privately owned and managed investment funds that can use their own capital along with funds borrowed with an SBA guarantee (“SBA debentures”) to make debt and equity investments in U.S. small businesses
- An SBIC license provides OFS access to 10-year fixed rate, “non-recourse” low cost financing of 3.18%¹ (since the debentures are guaranteed by the SBA)
- SBIC fund (subsidiary) has \$225 million in lending capacity
 - \$75 million in contributed equity
 - \$150 million in non-recourse SBA debentures²

¹ Excludes upfront commitment and leverage fees that approximate 3.43% and are amortized over life of debentures.

² On November 3, 2013, we received exemptive relief to allow us to exclude SBA guaranteed indebtedness from the definition of senior securities in our statutory 200% asset coverage ratio under the 1940 Act.
