To approve a proposal to authorize flexibility for the Company, with approval of the Board of Directors of the Company (the “Board”), to sell or otherwise issue shares of its common stock (during the next 12 months) at a price below the Company’s then current net asset value per share in one or more offerings, subject to certain limitations set forth in the proxy statement for the Special Meeting (including that the cumulative number of shares sold pursuant to such authority does not exceed 25% of the Company’s then outstanding common stock immediately prior to each such sale); and
2. To transact such other business as may properly come before the Special Meeting or any adjournments, postponements or delays thereof.

THE BOARD, INCLUDING THE INDEPENDENT DIRECTORS, RECOMMENDS THAT YOU VOTE “FOR” THE PROPOSAL.

We encourage you to contact the Company at 847-734-2000 from 8:00 a.m. to 5:00 p.m. (Chicago time) if you have any questions.

The Board of the Company has fixed the close of business on April 6, 2021 as the record date for the determination of Stockholders entitled to notice of, and to vote at, the Special Meeting. Instructions are shown on the proxy card. In the event that there are not sufficient stockholders present for a quorum or sufficient votes to approve a proposal at the time the Special Meeting is convened, the Special Meeting may be adjourned from time to time in order to permit further solicitation of proxies by the Company.

By Order of the Board of Directors,

Tod K. Reichert

**PROXY STATEMENT
FOR
SPECIAL MEETING OF STOCKHOLDERS
TO BE HELD ON JUNE 1, 2021**

This document will give you the information you need to vote on the matter listed on the accompanying Notice of Special Meeting of Stockholders (the “Notice of Special Meeting”). Much of the information in this proxy statement (this “Proxy Statement”) is required under rules of the Securities and Exchange Commission (“SEC”); some of it is technical. If there is anything you do not understand, please contact us at 847-734-2000.

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the “Board,” each member of which is referred to as a “Director”) of OFS Capital Corporation (the “Company,” “we,” “our” or “us”), of proxies to be voted at the Special Meeting (the “Special Meeting”) of owners of shares of common stock (the “Stockholders”) of the Company and, if the 2021 Special Meeting is adjourned, postponed or delayed, at any later meetings, for the purposes stated in the Notice of Special Meeting. The Special Meeting will be held on the 25th floor of 10 South Wacker Drive, Chicago, Illinois, on June 1, 2021 at 11:00 a.m. (local time). This Proxy Statement, the Notice of Special Meeting and the enclosed proxy card are first being sent to Stockholders on or about April 20, 2021.

Why is a stockholder meeting being held?

To address a proposal (the “Proposal”) that requires Stockholder approval.

What proposal will be voted on?

Similar to last year, Stockholders are being asked to authorize flexibility for the Company, with approval of the Board of the Company, to sell or otherwise issue shares of its common stock (during the next 12 months) at a price below the Company’s then current net asset value per share in one or more offerings, subject to certain limitations set forth herein (including that the cumulative number of shares sold pursuant to such authority does not exceed 25% of the Company’s then outstanding common stock immediately prior to each such sale). However, pursuant to this authority, there is no limit on the discount below NAV at which the Company may sell its common stock during the period this authorization is in effect. No further authorization from Stockholders will be solicited even if the dilution resulting from any such offering or offerings is significant. As you know, last year, the same proposal was approved by a majority of the Stockholders. The Company did not sell any shares below NAV pursuant to the proposal approved by the majority of Stockholders at the Company’s 2020 Special Meeting of Stockholders.

Will my vote make a difference?

YES! Your vote is important to the governance of the Company, no matter how many shares you own.

Who is asking for your vote?

The enclosed proxy is solicited by the Board for use at the Special Meeting to be held on June 1, 2021, and, if the Special Meeting is adjourned, postponed or delayed, at any later meetings, for the purposes stated in the Notice of Special Meeting (see previous page).

How does the company’s board recommend that stockholders vote on the proposal?

The Board recommends that you vote “FOR” the Proposal.

Who is eligible to vote?

Stockholders of record at the close of business on April 6, 2021 are entitled to be present and to vote at the Special Meeting or any adjournments, postponements or delays thereof. Each share of common stock is entitled to one vote. Shares represented by duly executed proxies will be voted in accordance with your instructions. If you sign the proxy, but do not fill in a vote, your shares will be voted in accordance with the Board’s recommendation. If any other business is brought before the Special Meeting, your shares will be voted by the proxyholders at their discretion according to the Board’s recommendation.

What is the difference between a stockholder of record and a beneficial owner of shares?

Stockholders of record own shares that are registered directly in their name with the Company's transfer agent, American Stock Transfer & Trust Company, LLC. The Notice of Special Meeting, Proxy Statement and proxy card are being sent directly to Stockholders of record by the Company. Stockholders of record have the right to vote in person at the Special Meeting or to grant a voting proxy directly to anyone to vote in their place.

Beneficial owners of shares own shares that are held in a stock brokerage account or by a bank or other nominee. The Notice of Special Meeting, Proxy Statement and proxy card are being forwarded to beneficial owners by their respective broker, bank or other nominee who is considered, with respect to those shares, the Stockholder of record. A beneficial owner has the right to direct its broker, bank or other nominee on how to vote and is also invited to attend the Special Meeting. A beneficial owner may vote shares by voting in accordance with the Notice of Special Meeting, by returning a proxy card to the Company or by making an arrangement with its broker, bank or other nominee concerning how such broker, bank or other nominee should vote its shares. A beneficial owner may also vote his, her or its shares in person at the Special Meeting, if the beneficial owner brings a brokerage statement reflecting its stock ownership as of April 6, 2021, the record date.

How do I vote my shares?

If you are the record holder of your shares, you may vote in one of four ways. You may vote by submitting your proxy by telephone, over the Internet, by mail or you may vote in person at the Special Meeting.

You may vote by telephone. You may vote your shares by following the "Vote by Phone" instructions set forth on the enclosed proxy card.

You may vote over the Internet. If you have Internet access, you may vote your shares from any location in the world by following the "Vote by Internet" instructions set forth on the enclosed proxy card.

You may vote by mail. You may vote by completing, dating and signing the proxy card that accompanies this proxy statement and promptly mailing it in the enclosed postage-paid envelope. You do not need to put a stamp on the enclosed envelope if you mail it in the United States. The shares you own will be voted according to the instructions on the proxy card you mail. If you return the proxy card, but do not give any instructions on a particular matter described in this proxy statement, the shares you own will be voted in accordance with the recommendations of our Board. Our Board recommends that you vote FOR the Proposal.

You may vote in person. If you attend the Special Meeting and are a registered stockholder, you may vote by delivering your completed proxy card in person or you may vote by completing a ballot. Ballots will be available at the Special Meeting. If you hold your shares through a bank or broker, you must obtain a legal proxy from your bank or broker in order to vote at the Special Meeting.

How do I vote if my shares are held through a broker?

Stockholders who hold shares of common stock through a broker, bank or other nominee must follow the voting instructions provided by the broker, bank or nominee, whichever is the record holder. If a Stockholder holds shares of common stock through a broker, bank or other nominee and the Stockholder wishes to vote in person at the Special Meeting, the Stockholder must obtain a legal proxy from the record holder of the Stockholder's shares and present the proxy at the Special Meeting. If the Stockholder does not vote in person at the Special Meeting or does not submit voting instructions to its broker, bank or nominee, the broker, bank or other nominee will not be permitted to vote the Stockholder's shares on non-routine proposals. The Proposal is considered a non-routine proposal. For non-routine proposals, a broker, bank or other nominee that holds shares in street name on behalf of a Stockholder must receive voting instructions from the beneficial owner of the shares in order for the shares to be voted at the Special Meeting. Broker non-votes represent those shares held in street name for which the beneficial Stockholder has not provided voting instructions. If there are broker non-votes at the Special Meeting, they will be treated as present at the Special Meeting for quorum purposes but will not be voted at the Special Meeting. Broker non-votes, if any, would have the effect of a vote "Against" the Proposal. If the beneficial owner does not provide voting instructions, the broker, bank or other nominee cannot vote its shares for the Proposal. However, if the beneficial owner authorizes a proxy or properly executes any materials prepared by the broker, bank or other nominee without indicating voting instructions, the broker, bank or other nominee will have the discretion to vote its shares according to the Board's recommendations. Notwithstanding the foregoing, the Company does not expect many, if any, broker non-votes at the Special Meeting because there are no routine proposals to be voted on at the Special Meeting.

Can I revoke my proxy or change my vote?

The Stockholder of record can revoke a proxy at any time before it is exercised at the Special Meeting by: (1) delivering a written revocation notice prior to the Special Meeting to OFS Capital Corporation, Attention: Corporate Secretary, 10 South Wacker Drive, Suite 2500, Chicago, Illinois, 60606; (2) submitting a later-dated proxy card, a later-dated electronic vote via the website stated on the proxy card, or a later-dated vote using the toll-free telephone number stated on the proxy card; or (3) voting in person at the Special Meeting. If the Stockholder holds shares of common stock through a broker, bank or other nominee, the Stockholder must follow the instructions received from the broker, bank or other nominee in order to revoke the voting instructions. Attending the Special Meeting does not revoke a proxy unless the Stockholder also votes in person at the Special Meeting.

Who is paying for the solicitation of proxies?

The Company will bear the expense of the solicitation of proxies for the Special Meeting, including the cost of preparing, assembling, printing, mailing and posting to the Internet the Notice of Special Meeting, this Proxy Statement, the proxy card and any additional information furnished to Stockholders. The Company intends to use the services of D.F. King & Co., Inc. ("D.F. King") to assist in the solicitation of proxies. The Company expects to pay market rates for such services, with an estimated fee of \$7,500 including expenses.

Proxies may also be solicited in person and/or by telephone, mail, facsimile transmission or email by the Directors or our officers and/or certain employees of OFS Capital Management, LLC, the Company's investment advisor ("OFS Advisor"), or its affiliates. No additional compensation will be paid to the Directors, officers or regular employees for such services.

What vote is required to approve the proposal?

The Proposal will be approved if we obtain the affirmative vote of: (1) a majority of the outstanding shares of common stock entitled to vote at the Special Meeting; and (2) a majority of the outstanding shares of common stock entitled to vote at the Special Meeting that are not held by affiliated persons of the Company, which includes the Directors, officers, employees and 5% Stockholders. For purposes of the Proposal, the Investment Company Act of 1940 (the "1940 Act") defines "a majority of the outstanding shares" as: (1) 67% or more of the voting securities present at the Special Meeting if the holders of more than 50% of the outstanding voting securities of the Company are present or represented by proxy; or (2) 50% of the outstanding voting securities of the Company, whichever is the less. Abstentions and broker non-votes will have the same effect as votes against the Proposal.

How are votes counted?

Stockholders may vote "For," "Against," or "Abstain." A vote for "Abstain" with respect to the Proposal will not be voted in favor of or against the Proposal, but will be treated as present and will have the effect of a vote "Against" the Proposal. If a Stockholder holds shares in street name through a broker, bank or other nominee, the Stockholder's broker, bank or other nominee will not be permitted to exercise voting discretion with respect to the Proposal. Therefore, if a Stockholder holds shares through a broker, bank or other nominee and the Stockholder does not return voting instruction materials sent to them by their broker, bank or nominee, their shares will not be treated as present for purposes of establishing quorum. However, if a Stockholder authorizes a proxy or properly executes any materials prepared by the broker, bank or other nominee without indicating voting instructions, the proxy will be voted "For" the Proposal in accordance with the Board's recommendations.

Similarly, if a Stockholder holds shares in its own name (i.e., not through a bank, broker or nominee) and signs and returns a proxy card with no further instructions, the Stockholder's shares will be voted in accordance with the recommendations of the Board with respect to the Proposal. The proxyholders will vote in accordance with their discretion with regard to any other matter that properly comes before the Special Meeting.

The Special Meeting may be adjourned from time to time pursuant to our bylaws. If there appears not to be enough votes to approve the Proposal at the Special Meeting, the Chairman of the Special Meeting may adjourn the Special Meeting, in the manner provided in our bylaws, to permit the further solicitation of proxies. The persons named as proxies will vote proxies held by them for such adjournment, unless marked to be voted against the proposal for which an adjournment is sought, to permit the further solicitation of proxies.

How many shares of the company were outstanding as of the record date?

The Company had [•] shares of common stock outstanding at the close of business on the record date. Each share of common stock is entitled to one vote.

What is a quorum for purposes of the proposal being voted on at the Special Meeting?

The holders of a majority of the outstanding shares of common stock entitled to vote at the Special Meeting and present in person or by proxy will constitute a quorum for the Proposal. In the event there are not sufficient votes for a quorum or to approve the Proposal at the time of the Special Meeting, the Special Meeting may be adjourned, postponed or delayed in order to permit further solicitation of proxies by the Company.

Information Regarding This Solicitation

The accompanying proxy is solicited by and on behalf of our board of directors, and we will bear the expense of the solicitation of proxies for the Special Meeting, including the cost of preparing, printing and mailing the Notice of Internet Availability of Proxy Materials, this proxy statement, the accompanying Notice of Special Meeting of Stockholders and proxy card. Proxies may be solicited on our behalf by our directors, officers or employees in person or by telephone, electronic transmission and/or facsimile transmission.

THE PROPOSAL

TO AUTHORIZE FLEXIBILITY FOR THE COMPANY, WITH APPROVAL OF THE BOARD OF THE COMPANY, TO SELL OR OTHERWISE ISSUE SHARES OF ITS COMMON STOCK (DURING THE NEXT 12 MONTHS) AT A PRICE BELOW THE COMPANY'S THEN CURRENT NET ASSET VALUE PER SHARE IN ONE OR MORE OFFERINGS, SUBJECT TO CERTAIN LIMITATIONS SET FORTH HEREIN (INCLUDING THAT THE CUMULATIVE NUMBER OF SHARES SOLD PURSUANT TO SUCH AUTHORITY DOES NOT EXCEED 25% OF THE COMPANY'S THEN OUTSTANDING COMMON STOCK IMMEDIATELY PRIOR TO EACH SUCH SALE).

The Company is a closed-end investment company that has elected to be regulated as a business development company (a "BDC") under the 1940 Act. The 1940 Act generally prohibits the Company from selling shares of its common stock at a price below the current net asset value per share of such stock or "NAV," unless its Stockholders authorize such a sale and the Board makes certain determinations.

The Company seeks the approval of its Stockholders so that it may, in one or more public or private offerings, sell or otherwise issue shares of its common stock at a price below its then current NAV, subject to certain additional conditions discussed below. If approved, the authorization by Stockholders would include a limitation as to the number of shares of common stock the Company may issue below NAV. If approved, the authorization would be effective for a twelve month period expiring on the anniversary of the date of Stockholder approval. Upon obtaining the requisite Stockholder approval, the Company will comply with the conditions described below in connection with any financing undertaking pursuant to this proposal. See below for a discussion of the risks of dilution.

Reasons to Offer Common Stock at a Price Below NAV

From time to time, global capital markets may experience periods of disruption and instability. The novel coronavirus ("COVID-19") pandemic has had, and may continue to have, a material adverse impact on the global economy, including the United States, as cross border commercial activity and market sentiment have been negatively impacted by the pandemic and government and other measures seeking to contain its spread. We believe that attractive investment opportunities may present themselves during this volatile period in particular, especially if COVID-19's spread can be contained, and during other periods of market volatility, including opportunities to make acquisitions of other companies or investment portfolios at compelling values. However, periods of market disruption and instability may adversely affect the Company's access to sufficient debt and equity capital in order to take advantage of attractive investment and acquisition opportunities that are created during these periods. In addition, the debt capital that will be available, if any, may be at a higher cost and on less favorable terms and conditions in the future. Stockholder approval of the proposal to sell shares of our Common Stock below NAV, subject to the conditions set forth in this proposal, would provide the Company with the flexibility to raise equity capital to invest in such attractive investment opportunities, which typically need to be made expeditiously.

In adverse economic environments, companies that have access to capital have a significant advantage. The Company believes that such market conditions may create opportunities to invest in assets at prices that are at discounts to their economic or intrinsic fair value. For firms that continue to have access to capital, adverse economic environments may provide investment opportunities on more favorable terms than in other periods, including more reasonable pricing of risk and more advantageous contractual provisions. To capitalize on these investment opportunities as they arise, the Company needs to be able to maintain consistent access to capital.

Stockholder approval of the Proposal will provide the Company with flexibility. In addition to using a portion of net proceeds from an offering of the Company's shares at a price below NAV to make investments in accordance with the Company's investment objective, the Company may use a portion of the net proceeds from any such offering to repay outstanding borrowings.

Many BDCs have sought and received authorization from their stockholders to sell shares of common stock at prices below NAV for many of the same reasons discussed above. Several of those BDCs have over time completed offerings of common stock at prices per share below their respective NAV. If the Company issues additional shares, the Company's market capitalization and the amount of publicly tradable common stock will increase, which may afford all holders of our common stock greater liquidity. A larger market capitalization may make the Company's stock more attractive to a larger number of investors who have limitations on the size of companies in which they invest. Furthermore, a larger number of shares outstanding may increase trading volume, which could decrease the volatility in the price of the Company's common stock in the secondary market.

As a BDC and a regulated investment company (a "RIC") under Subchapter M of the Internal Revenue Code of 1986, as amended, the Company depends on its ability to raise capital through the issuance of its common stock. RICs generally must distribute substantially all of their earnings to stockholders as dividends in order to achieve favorable tax treatment, which prevents the Company from using those earnings to support new investments (including investments

into existing portfolio companies). Further, the Company currently must maintain an asset coverage ratio (the ratio of total assets less total liabilities other than indebtedness to total indebtedness) of not less than 150%, in order to incur debt or to issue other senior securities, meaning generally that for every dollar of debt incurred or senior securities issued, the Company must have at least a dollar fifty of assets immediately following issuance. The Company's credit facility and unsecured notes also require that the Company maintain an asset coverage ratio of not less than 150%.

To the extent that the Company is unable to raise capital through the issuance of equity, its ability to raise capital through the issuance of debt or senior securities may be inhibited by the asset coverage ratio requirement. Failure to maintain an asset coverage ratio of not less than 150% could have severe negative consequences for a BDC, including the inability to pay dividends, breaching debt covenants and failure to qualify for tax treatment as a RIC. Although the Company does not currently expect that its asset coverage ratio will fall below 150%, the markets in which it operates and the general economy remain volatile and uncertain. Volatility in the capital markets could result in negative pressure on debt investment valuations, potentially impacting the Company's asset valuations, Stockholder equity and the Company's asset coverage ratio. In addition, the debt capital that will be available, if at all, to the Company may be at a higher cost and on less favorable terms and conditions in the future. The issuance of additional stock would enable the Company to increase the dollar amount of its leverage.

The following table lists the high and low closing sales price as quoted on Nasdaq under the symbol "OFS" for the Company's common stock and the closing sales price as a percentage of NAV for the years ended December 31, 2020 and 2019 and for the current fiscal year ending December 31, 2021.

(1) NAV per share is determined as of the last day in the relevant quarter and therefore may not reflect the NAV per share on the date of the high and low sales prices. The NAVs shown are based on outstanding shares at the end of each period.

(2) Calculated as of the respective high or low closing sales price divided by NAV and subtracting 1.

Shares of the Company's common stock have traded at a price both above and below their NAV since they began trading on the Nasdaq Global Select Market. It is not possible to predict whether the Company's common stock will trade at, above or below NAV in the future. During times of increased price volatility, the Company's common stock may trade at a price equal to, above or below its NAV, which is not uncommon for BDCs such as the Company. As noted above, however, market volatility and regulatory changes have created, and we believe will continue to create for the foreseeable future, favorable opportunities to invest, including opportunities that, all else being equal, may increase NAV over the longer-term, even if financed with the issuance of common stock at a price below NAV. Stockholder approval of the Proposal is expected to provide the Company with the flexibility to invest in such opportunities and to repay outstanding borrowings.

The Board believes it is in the best interests of Stockholders to allow the Company flexibility to issue its common stock at a price below NAV in certain instances. The Company's ability to grow over time and to continue to

pay dividends to Stockholders could be adversely affected if the Company were unable to access the capital markets as attractive investment opportunities arise. The Company may not be able to access the capital markets regardless of the outcome of the Proposal. Inability to access the capital markets could also have the effect of forcing the Company to sell assets that the Company would not otherwise sell and at disadvantageous times.

While the Company has no immediate plans to sell any shares of its common stock at a price below NAV (other than through its dividend reinvestment plan), similar to last year, it is seeking Stockholder approval now in order to provide flexibility for future sales, which typically must be undertaken quickly. The Company did not sell any shares below NAV pursuant to the proposal approved by the majority of Stockholders at the Company's 2020 Special Meeting of Stockholders. The final terms of any sale below NAV will be determined by the Board at the time of sale. Also, because the Company has no immediate plans to sell any shares of its common stock at a price below NAV (other than through its dividend reinvestment plan), it is impracticable to describe the transaction or transactions in which shares of common stock would be sold. Instead, any offering where the Company sells shares of common stock, including the nature and amount of consideration that would be received by the Company at the time of sale and the use of any such consideration, will be reviewed and approved by the Board at the time of sale. If the Proposal is approved, no further authorization from the Stockholders will be solicited prior to any such sale in accordance with the terms of the Proposal.

Conditions to Sales Below NAV

If Stockholders approve the Proposal, the Company will be permitted to sell shares of its common stock at a price below NAV per share only if the following conditions are met:

- (1) a majority of the Company's Independent Directors who have no financial interest in the sale have determined that such sale would be in the best interests of the Company and Stockholders;
- (2) a majority of the Company's Independent Directors, in consultation with the underwriter or underwriters of the offering if it is to be underwritten, have determined in good faith, and as of a time immediately prior to the first solicitation by or on behalf of the Company of firm commitments to purchase such securities or immediately prior to the issuance of such securities, that the price at which such securities are to be sold is not less than a price which closely approximates the market value of those securities, less any underwriting commission or discount; and
- (3) the number of shares sold pursuant to such authority does not exceed 25% of the Company's then outstanding common stock immediately prior to each such sale.

Shares issued below NAV pursuant to the Company's dividend reinvestment plan will not count towards the foregoing 25% limitation because shares issued below NAV pursuant to the Company's dividend reinvestment plan do not rely on the authority sought pursuant to this proposal. The Company will also follow any SEC guidance with respect to the issuance of stock below NAV.

Key Stockholder Considerations

Before voting on the Proposal or giving proxies with regard to this matter, Stockholders should consider the potentially dilutive effect on the NAV per outstanding share of common stock of the issuance of shares of the Company's common stock at a price less than NAV per share. Any sale of common stock at a price below NAV would result in an immediate dilution to existing Stockholders. This dilution would include reduction in the NAV per share of outstanding shares of common stock as a result of the issuance of shares of common stock at a price below the then current NAV per share and a proportionately greater decrease in a Stockholder's interest in the earnings and assets of the Company and voting interest in the Company. The Board will consider the potential dilutive effect when considering whether to authorize any such issuance. Shares of common stock sold at prices below then current NAV upon exercise or conversion of any warrants or other securities that may be issued under authority previously approved by Stockholders in accordance with Section 61(a)(2) of the 1940 Act will not be taken into account in determining whether the 25% limitation described above in this Proposal has been reached.

When stock is sold at a sale price below NAV per share, the resulting increase in the number of outstanding shares is not accompanied by a proportionate increase in the net assets of the issuer. Stockholders should also consider that they will have no subscription, preferential or preemptive rights to additional shares of the common stock proposed to be authorized for issuance, and thus any future issuance of common stock at a price below NAV will dilute a Stockholder's holdings of common stock as a percentage of shares outstanding to the extent the Stockholder does not purchase sufficient shares in the offering or otherwise to maintain the Stockholder's percentage interest. Further, if the Stockholder does not purchase any shares to maintain the Stockholder's percentage interest, regardless of whether such offering is at a price above or below the then current NAV, the Stockholder's voting power will be diluted.

As discussed above, the maximum number of shares issuable below NAV that could result in such dilution is limited to 25% of the Company's then outstanding common stock.

Examples of Dilutive Effect of the Issuance of Shares Below Net Asset Value

The following table illustrates the level of NAV dilution that would be experienced by a nonparticipating stockholder in four different hypothetical common stock offerings of different sizes and levels of discount from NAV per share, although it is not possible to predict the level of market price decline that may occur. Actual sales prices and discounts may differ from the presentation below. There is no maximum level of discount from NAV at which we may sell shares pursuant to this authority.

The examples assume that Company XYZ has 1,000,000 shares of common stock outstanding, \$15,000,000 in total assets and \$5,000,000 in total liabilities. The current NAV and NAV per share are thus \$10,000,000 and \$10.00. The table illustrates the dilutive effect on nonparticipating Stockholder A of (1) an offering of 50,000 shares (5% of the outstanding shares) at \$9.50 per share after offering expenses and commission (a 5% discount from NAV); (2) an offering of 100,000 shares (10% of the outstanding shares) at \$9.00 per share after offering expenses and commissions (a 10% discount from NAV); (3) an offering of 250,000 shares (25% of the outstanding shares) at \$7.50 per share after offering expenses and commissions (a 25% discount from NAV); and (4) an offering of 250,000 shares (25% of the outstanding shares) at \$0 per share after offering expenses and commissions (a 100% discount from NAV). The prospectus supplement pursuant to which any discounted offering is made will include a chart for these examples based on the actual number of shares in such offering and the actual discount from the most recently determined net asset value per share. It is not possible to predict the level of market price decline that may occur.

Impact on Existing Stockholders Who Do Not Participate in the Offering

Our existing stockholders who do not participate in an offering below NAV per share or who do not buy additional shares in the secondary market at the same or lower price we obtain in the offering (after expenses and commissions) face the greatest potential risks. These stockholders will experience an immediate decrease (often called dilution) in the NAV of the shares they hold and their NAV per share. These stockholders will also experience a disproportionately greater decrease in their participation in our earnings and assets and their voting power than the increase we will experience in our assets, potential earning power and voting interests due to the offering. These stockholders may also experience a decline in the market price of their shares, which often reflects to some degree announced or potential increases and decreases in NAV. This decrease could be more pronounced as the size of the offering and level of discounts increase. There is no maximum level of discount from NAV at which we may sell shares pursuant to this authority.

Impact on Existing Stockholders Who Do Participate in the Offering

Our existing stockholders who participate in the offering or who buy additional shares in the secondary market at the same or lower price as we obtain in the offering (after expenses and commissions) will experience the same types of NAV per share dilution as the nonparticipating stockholders, albeit at a lower level, to the extent they purchase less than the same percentage of the discounted offering as their interest in our shares immediately prior to the offering. The level of NAV per share dilution will decrease as the number of shares such stockholders purchase increases. Existing stockholders who buy more than such percentage will experience NAV per share dilution on their existing shares but will, in contrast to existing stockholders who purchase less than their proportionate share of the offering, experience an increase (often called accretion) in average NAV per share over their investment per share and will also experience a disproportionately greater increase in their participation in our earnings and assets and their voting power than our increase in assets, potential earning power and voting interests due to the offering. The level of accretion will increase as the excess number of shares such stockholder purchases increases. Even a stockholder who over participates will, however, be subject to the risk that we may make additional discounted offerings in which such stockholder does not participate, in which case such a stockholder will experience NAV per share dilution as described above in such subsequent offerings. These stockholders may also experience a decline in the market price of their shares, which often reflects to some degree announced or potential decreases in NAV per share. This decrease could be more pronounced as the size of the offering and level of discounts increases. There is no maximum level of discount from NAV at which we may sell shares pursuant to this authority.

Required Vote

Approval of the Proposal may be obtained if we obtain the affirmative vote of (1) a majority of the outstanding shares of common stock entitled to vote at the Special Meeting; and (2) a majority of the outstanding shares of common stock entitled to vote at the Special Meeting that are not held by affiliated persons of the Company, which includes Directors, officers, employees, and 5% Stockholders. For purposes of the Proposal, the 1940 Act defines “a majority of the outstanding shares” as: (1) 67% or more of the voting securities present at the Special Meeting if the holders of more than 50% of the outstanding voting securities of the Company are present or represented by proxy; or (2) 50% of the outstanding voting securities of the Company, whichever is the less. Abstentions will be treated as present at the Special Meeting for quorum purposes and will have the effect of a vote against the Proposal. If there are broker non-votes at the Special Meeting, they would be treated as present at the Special Meeting for quorum purposes but not entitled to vote with respect to the Proposal and would have the effect of a vote “Against” the Proposal.

THE BOARD, INCLUDING THE INDEPENDENT DIRECTORS, RECOMMENDS THAT YOU VOTE “FOR” THE PROPOSAL TO AUTHORIZE FLEXIBILITY FOR THE COMPANY, WITH APPROVAL OF THE BOARD OF THE COMPANY, TO SELL OR OTHERWISE ISSUE SHARES OF ITS COMMON STOCK AT A PRICE BELOW THE COMPANY’S THEN CURRENT NET ASSET VALUE PER SHARE IN ONE OR MORE OFFERINGS, SUBJECT TO CERTAIN LIMITATIONS SET FORTH ABOVE.

FURTHER INFORMATION ABOUT VOTING AND THE SPECIAL MEETING

The cost of soliciting proxies will be borne by the Company. In addition, certain officers, Directors and employees of each of the Company and OFS Advisor (none of whom will receive additional compensation therefor) may solicit proxies in person and/or by telephone, mail, facsimile transmission or email.

The Company intends to use the services of D.F. King to assist in the solicitation of proxies and expects to pay market rates for such services, with an estimated fee of approximately \$7,500 including expenses. As the Special Meeting approaches, certain Stockholders may receive a telephone call from a representative of D.F. King if the Stockholder's votes have not yet been received.

All properly executed proxies received prior to the Special Meeting will be voted at the Special Meeting in accordance with the instructions marked thereon or otherwise as provided therein. Stockholders may revoke their proxies at any time prior to the time they are voted by giving written notice to the Secretary of the Company, by delivering subsequently dated proxies or by attending and voting at the Special Meeting.

The Board of the Company has fixed the close of business on April 6, 2021 as the record date for the determination of Stockholders of the Company entitled to notice of, and to vote at, the Special Meeting. Stockholders of the Company on that date will be entitled to one vote for each share held and a fractional vote with respect to each fractional share held with no cumulative voting rights, on each matter to be voted on at the Special Meeting or any adjournments, postponements or delays thereof. The Company had [•] shares of common stock outstanding at the close of business on the record date.

IF YOU PLAN TO ATTEND THE SPECIAL MEETING AND VOTE YOUR SHARES OF THE COMPANY'S COMMON STOCK IN PERSON, YOU WILL NEED TO BRING PHOTO IDENTIFICATION IN ORDER TO BE ADMITTED TO THE SPECIAL MEETING. INVESTMENT ADVISOR

OFS (which refers to the collective activities and operations of OFSAM, its subsidiaries, and certain affiliates) is a full-service provider of capital and leveraged finance solutions to U.S. companies.

As of March 31, 2021, OFS had 43 full-time employees. OFS is headquartered in Chicago, Illinois and also has offices in New York, New York and Los Angeles, California.

OFS Advisor is organized as a Delaware limited liability company and is registered as an investment advisor with the SEC under the 1940 Act. Our investment activities are managed by OFS Advisor, our investment adviser. OFS Advisor is responsible for sourcing potential investments, conducting research and diligence on potential investments and equity sponsors, analyzing investment opportunities, structuring our investments and monitoring our investments and portfolio companies on an ongoing basis. OFS Advisor is a registered investment adviser under the Advisers Act and a wholly-owned subsidiary of OFSAM.

Our relationship with OFS Advisor is governed by and dependent on the Investment Advisory and Management Agreement we entered into with OFS Advisor and may be subject to conflicts of interest. OFS Advisor provides us with advisory services in exchange for a base management fee and incentive fee; see “Related-Party Transactions and Certain Relationships — Investment Advisory and Management Agreement”. The base management fee is based on our total assets (other than cash and cash equivalents, and the intangible asset and goodwill resulting from the SBIC Acquisition, but including assets purchased with borrowed funds and assets owned by any consolidated entity) and, therefore, OFS Advisor will benefit when we incur debt or use leverage. Our Board is charged with protecting our interests by monitoring how OFS Advisor addresses these and other conflicts of interest associated with its management services and compensation. While our Board is not expected to review or approve each borrowing or incurrence of leverage, our independent Directors periodically review OFS Advisor’s services and fees as well as its portfolio management decisions and portfolio performance.

OFS Advisor has entered into a Staffing Agreement (the “Staffing Agreement”) with OFSC, a wholly-owned subsidiary of OFSAM. Under the Staffing Agreement, OFSC makes experienced investment professionals available to OFS Advisor and provides access to the senior investment personnel of OFS and its affiliates. The Staffing Agreement provides OFS Advisor with access to deal flow generated by OFS and its affiliates in the ordinary course of their businesses and commits the members of OFS Advisor’s investment committee to serve in that capacity. As our investment adviser, OFS Advisor is obligated to allocate investment opportunities among us and any other clients fairly and equitably over time in accordance with its allocation policy.

OFS Advisor capitalizes on the deal origination and sourcing, credit underwriting, due diligence, investment structuring, execution, portfolio management and monitoring experience of OFS’s professionals. The senior management team of OFS, including Bilal Rashid and Jeffrey A. Cerny, provides services to OFS Advisor. These managers have developed a broad network of contacts within the investment community, and possess an average of over 20 years of experience, investing in debt and equity securities of middle-market companies. In addition, these managers have extensive experience investing in assets that constitute our primary focus and have expertise in investing across all levels of the capital structure of middle-market companies.

ADMINISTRATION AGREEMENT

We do not have any direct employees, and our day-to-day investment operations are managed by OFS Advisor. We have a chief executive officer, chief financial officer, chief compliance officer, chief accounting officer, corporate secretary and, to the extent necessary, our Board may elect to appoint additional officers going forward. Our officers are employees of OFSC, an affiliate of OFS Advisor, and a portion of the compensation paid to our officers is paid by us pursuant to an administration agreement between us and OFS Capital Services, LLC (“OFS Services”). All of our executive officers are also officers of OFS Advisor.

OFS Services, an affiliate of OFS Advisor, provides the administrative services necessary for us to operate. OFS Services furnishes us with office facilities and equipment, necessary software licenses and subscriptions and clerical, bookkeeping and recordkeeping services at such facilities. OFS Services oversees our financial reporting as well as prepares our reports to stockholders and all other reports and materials required to be filed with the SEC or any other regulatory authority. OFS Services also manages the determination and publication of our net asset value and the preparation and filing of our tax returns and generally monitors the payment of our expenses and the performance of administrative and professional services rendered to us by others. OFS Services may retain third parties to assist in providing administrative services to us. To the extent that OFS Services outsources any of its functions, we will pay the fees associated with such functions at cost, on a direct basis.

The principal executive office of the Company is located at 10 South Wacker Drive, Suite 2500, Chicago, Illinois, 60606. The principal executive office of each of OFS Advisor and the Administrator is located at 10 South Wacker Drive, Suite 2500, Chicago, Illinois, 60606.

(4) Information is based on a Schedule 13D filed with the SEC on January 13, 2020. The shares reported for Mr. Ressler include 2,946,474 shares owned by Orchard First Source Asset Management, LLC ("OFSAM"). OFSAM is owned directly or indirectly by Bilal Rashid, Jeffrey A. Mr. Ressler serves as investment trustee for the Trust with sole investment authority. Orchard Capital Corporation ("OCC"), a firm controlled by Mr. Ressler, is the manager of OI3 and has sole investment authority with respect to assets held by OI3. Through his positions with the Trust and OCC, Mr. Ressler may be deemed to beneficially own the shares held by OFSAM. Mr. Ressler disclaims beneficial ownership of such shares except to the extent of his pecuniary interest therein. Neither of Messrs. Rashid nor Cerny is a beneficial owner of the Company's common stock held by OFSAM for purposes of Section 13(d) of the Exchange Act.

RELATED-PARTY TRANSACTIONS AND CERTAIN RELATIONSHIPS

We have entered into agreements with OFS Advisor and its affiliates in which certain members of our senior management have ownership and financial interests.

Investment Advisory and Management Agreement

We have entered into an Investment Advisory and Management Agreement with OFS Advisor and will pay OFS Advisor a base management fee and incentive fee. The incentive fee will be computed and paid on income that we may not yet have received in cash. This fee structure may create an incentive for OFS Advisor to invest in certain types of securities. Additionally, we rely on investment professionals from OFS Advisor to assist our Board with the valuation of our portfolio investments. OFS Advisor's base management fee and incentive fee are based on the value of our investments and there may be a conflict of interest when personnel of OFS Advisor are involved in the valuation process for our portfolio investments. In addition, the incentive fee payable by us to OFS Advisor may create an incentive for OFS Advisor to cause us to make more speculative investments or increase our debt outstanding more than would be the case in the absence of such compensation arrangement. The base management fee was \$7.61 million for the year ended December 31, 2020.

License Agreement

We have entered into a license agreement with OFSAM under which OFSAM grants us a non-exclusive, royalty-free license to use the name “OFS.”

Administration Agreement

We have entered into an Administration Agreement, pursuant to which OFS Services furnishes us with office facilities, equipment, necessary software licenses and subscriptions and clerical, bookkeeping and record keeping services at such facilities. Under our Administration Agreement, OFS Services performs, or oversees the performance of, our required administrative services, which include, among other things, being responsible for the financial records that we are required to maintain and preparing reports to our stockholders and all other reports and materials required to be filed with the SEC or any other regulatory authority. Administration fee expense was \$1.86 million for the year ended December 31, 2020.

Staffing Agreements

OFS Advisor is an affiliate of OFSC, with which it has entered into a Staffing Agreement. Under this agreement, OFSC makes available to OFS Advisor experienced investment professionals and access to the senior investment personnel and other resources of OFSC and its affiliates. The Staffing Agreement provides OFS Advisor with access to deal flow generated by the professionals of OFSC and its affiliates and commits the members of the Advisor Investment Committees (discussed below) to serve in that capacity. OFS Advisor capitalizes on the significant deal origination and sourcing, credit underwriting, due diligence, investment structuring, execution, portfolio management and monitoring experience of OFSC’s investment professionals.

OFSC also has entered into a Staffing and Corporate Services Agreement with OFS Services. Under this agreement, OFS Services makes available to OFSC the administrative resources of OFS Services.

Investment Committees, Investment Allocation and Transactions with Certain Affiliates.

OFS Advisor and its affiliates manage other assets and funds, and may manage other entities in the future, including other BDCs, and these other funds and entities may have similar or overlapping investment strategies. OFS Advisor’s Pre-Allocation Investment Committee, Structured Credit Investment Committee, Broadly Syndicated Investment Committee and Middle Market Investment Committee, (the “Middle Market Investment Committee”, and collectively, the “Advisor Investment Committees”), are responsible for the overall asset allocation decisions and the evaluation and approval of investments of OFS Advisor’s advisory clients. The Middle Market Investment Committee, which is comprised of Richard Ressler (Chairman), Jeffrey A. Cerny, Kyde Sharp and Bilal Rashid, along with the investment committee for OFS SBIC I, LP (the “SBIC Investment Committee”), which is comprised of Jeffrey A. Cerny, Tod K. Reichert and Bilal Rashid, is responsible for the evaluation and approval of all the investments made by us directly or through our wholly-owned subsidiaries, as appropriate. The Middle Market Investment Committee and SBIC Investment Committee also determine appropriate investment sizing and implement ongoing monitoring requirements of our investments.

Our senior management, members of the Advisor Investment Committees, including members of the Middle Market Investment Committee, the SBIC Investment Committee and other investment professionals from OFSAM or its other affiliates or may serve as officers, directors or principals of (i) entities that operate in the same or a related line of business as we do, (ii) entities in which we invest or in which we are considering making an investment or (iii) investment funds or other investment vehicles managed by OFS Advisor or its affiliates. Through these and other relationships, these individuals may obtain material non-public information that might restrict our ability to buy or sell the securities of a company under the policies of the Company or applicable law.

Similarly, OFS Advisor and/or its affiliates have other clients with similar, different or competing investment objectives. In serving in these multiple capacities, they may have obligations to other clients or investors in those entities, the fulfillment of which may not be in the best interests of us or our stockholders. An investment opportunity that is suitable for multiple clients of OFS Advisor and its affiliates may not be capable of being shared among some or all of such clients and affiliates due to the limited scale of the opportunity or other factors, including regulatory restrictions imposed by the 1940 Act. There can be no assurance that OFS Advisor’s or its affiliates’ efforts to allocate any particular investment opportunity fairly and equitably among all clients for whom such opportunity is appropriate will result in an allocation of all or part of such opportunity to us. Not all conflicts of interest can be expected to be resolved in our favor. As a result, we may not be given the opportunity to participate in certain investments made by investment funds, accounts or other investment vehicles managed by OFS Advisor and its affiliates or by members of our investment committees.

Because we have elected to be treated as a BDC under the 1940 Act, we are prohibited under the 1940 Act from participating in certain transactions with our affiliates without the prior approval of our independent directors and, in

some cases, of the SEC. Those transactions include purchases and sales, and so-called “joint” transactions, in which we and one or more of our affiliates are engaging together in certain types of profit-making activities. Any person that owns, directly or indirectly, five percent or more of our outstanding voting securities will be our affiliate for purposes of the 1940 Act, and we are generally prohibited from engaging in purchases or sales of assets or joint transactions with such affiliates, absent the prior approval of our independent directors. Additionally, without the approval of the SEC, we are prohibited from engaging in purchases or sales of assets or joint transactions with the following affiliated persons: (a) our officers, directors, and employees; (b) OFS Advisor and its affiliates; and (c) OFSAM or its affiliates.

We may, however, invest alongside OFSAM and its affiliates or their respective other clients in certain circumstances where doing so is consistent with current law and SEC staff interpretations. For example, we may invest alongside such accounts consistent with guidance promulgated by the SEC staff permitting us and such other accounts to purchase interests in a single class of privately placed securities so long as certain conditions are met, including that OFS Advisor, acting on our behalf and on behalf of other clients, negotiates no term other than price. Co-investment with such other accounts is not permitted or appropriate under this guidance when there is an opportunity to invest in different securities of the same issuer or where the different investments could be expected to result in a conflict between our interests and those of other accounts. Moreover, except in certain circumstances, this guidance does not permit us to invest in any issuer in which OFSAM and its affiliates or a fund managed by OFSAM or its affiliates has previously invested.

On August 4, 2020, we received exemptive relief from the SEC to permit us to co-invest in portfolio companies with certain other funds, including other BDCs and registered investment companies managed by OFS Advisor (“Affiliated Funds”) in a manner consistent with our investment objective, positions, policies, strategies and restrictions as well as regulatory requirements and other pertinent factors, subject to compliance with certain conditions (the “Order”). The Order superseded a previous co-investment order we received on October 12, 2016 and provides us with greater flexibility to enter into co-investment transactions with Affiliated Funds. We are generally permitted to co-invest with Affiliated Funds if under the terms of the Order, a “required majority” (as defined in Section 57(o) of the 1940 Act) of our independent directors make certain conclusions in connection with a co-investment transaction, including that (1) the terms of the transaction, including the consideration to be paid, are reasonable and fair to us and our stockholders and do not involve overreaching by us or our stockholders on the part of any person concerned and (2) the transaction is consistent with the interests of our stockholders and is consistent with our investment objective and strategies.

In addition, pursuant to an exemptive order issued by the SEC on April 8, 2020 and applicable to all BDCs through December 31, 2020, we were permitted, subject to the satisfaction of certain conditions, to co-invest in our existing portfolio companies with certain affiliated funds, even if such other funds had not previously invested in such existing portfolio company. Without this order, affiliated funds would not be able to participate in such co-investments with us unless the affiliated funds had previously acquired securities of the portfolio company in a co-investment transaction with us. Although the conditional exemptive order expired on December 31, 2020, the SEC’s Division of Investment Management has indicated that until March 31, 2022, it will not recommend enforcement action to the extent that any BDC with an existing co-investment order continues to engage in certain transactions described in the conditional exemptive order pursuant to the same terms and conditions described therein.

OFS Advisor will seek to allocate investment opportunities among eligible accounts in a manner that is fair and equitable over time and consistent with its allocation policy. Under this allocation policy, if OFS Advisor is actively seeking investments for two or more investment vehicles with similar or overlapping investment strategies, an available opportunity will be allocated based on the provisions governing allocations of such investment opportunities under law or in the relevant organizational, offering or similar documents, if any, for such investment vehicles. In the absence of any such provisions, OFS Advisor will consider the following factors and the weight that should be given with respect to each of these factors:

- investment guidelines and/or restrictions, if any, set forth in the applicable organizational, offering or similar documents for the investment vehicles;
- the status of tax restrictions and tests and other regulatory restrictions and tests;
- risk and return profile of the investment vehicles;
- suitability/priority of a particular investment for the investment vehicles;
- if applicable, the targeted position size of the investment for the investment vehicles;
- level of available capital for investment with respect to the investment vehicles;
- total amount of funds committed to the investment vehicles; and
- the age of the investment vehicles and the remaining term of their respective investment periods, if any.

When not relying on the Order, priority as to opportunities will generally be given to accounts that are in their “ramp-up” period over the accounts that are outside their ramp-up period but still within their investment or re-investment periods. However, application of one or more of the factors listed above, or other factors determined to be relevant or appropriate, may result in the allocation of an investment opportunity to a fund no longer in its ramp-up period over a fund that is still within its ramp-up period.

In situations where co-investment with other accounts is not permitted or appropriate, OFS Advisor will need to decide which account will proceed with the investment. The decision by OFS Advisor to allocate an opportunity to another entity could cause us to forego an investment opportunity that we otherwise would have made. These restrictions, and similar restrictions that limit our ability to transact business with our officers or directors or their affiliates, may limit the scope of investment opportunities that would otherwise be available to us.

Conflicts may arise when we make an investment in conjunction with an investment being made by another account managed by OFS Advisor or an affiliate of OFS Advisor (each, an “Affiliated Account”), or in a transaction where an Affiliated Account has already made an investment. Investment opportunities are, from time to time, appropriate for more than one account in the same, different or overlapping securities of a portfolio company’s capital structure. Conflicts arise in determining the terms of investments, particularly where these accounts may invest in different types of securities in a single portfolio company. Questions arise as to whether payment obligations and covenants should be enforced, modified or waived, or whether debt should be restructured, modified or refinanced.

We may invest in debt and other securities of companies in which Affiliated Accounts hold those same securities or different securities, including equity securities. In the event that such investments are made by us, our interests will at times conflict with the interests of such Affiliated Accounts, particularly in circumstances where the underlying company is facing financial distress. Decisions about what action should be taken, particularly in troubled situations, raise conflicts of interest, including, among other things, whether or not to enforce claims, whether or not to advocate or initiate a restructuring or liquidation inside or outside of bankruptcy, and the terms of any work-out or restructuring. The involvement of Affiliated Accounts at both the equity and debt levels could inhibit strategic information exchanges among fellow creditors, including among us or Affiliated Accounts. In certain circumstances, we or an Affiliated Account may be prohibited from exercising voting or other rights and may be subject to claims by other creditors with respect to the subordination of their interest.

In the event that we or an Affiliated Account has a controlling or significantly influential position in a portfolio company, that account may have the ability to elect some or all of the board of directors of such a portfolio company, thereby controlling the policies and operations of such portfolio company, including the appointment of management, future issuances of securities, payment of dividends, incurrence of debt and entering into extraordinary transactions. In addition, a controlling account is likely to have the ability to determine, or influence, the outcome of operational matters and to cause, or prevent, a change in control of such a company. Such management and operational decisions may, at times, be in direct conflict with other accounts that have invested in the same portfolio company that do not have the same level of control or influence over the portfolio company.

If additional capital is necessary as a result of financial or other difficulties, or to finance growth or other opportunities, the accounts may or may not provide such additional capital, and if provided each account will supply such additional capital in such amounts, if any, as determined by OFS Advisor. In addition, a conflict arises in allocating an investment opportunity if the potential investment target could be acquired by us, an Affiliated Account, or a portfolio company of an Affiliated Account. Investments by more than one account of OFS Advisor or its affiliates in a portfolio company also raise the risk of using assets of an account of OFS Advisor or its affiliates to support positions taken by other accounts of OFS Advisor or its affiliates, or that an account may remain passive in a situation in which it is entitled to vote. In addition, there may be differences in timing of entry into, or exit from, a portfolio company for reasons such as differences in strategy, existing portfolio or liquidity needs, different account mandates or fund differences, or different securities being held. These variations in timing may be detrimental to us.

The application of our or an Affiliated Account’s governing documents and the policies and procedures of OFS Advisor are expected to vary based on the particular facts and circumstances surrounding each investment by two or more accounts, in particular when those accounts are in different classes of an issuer’s capital structure (as well as across multiple issuers or borrowers within the same overall capital structure) and, as such, there may be a degree of variation and potential inconsistencies, in the manner in which potential or actual conflicts are addressed.

FINANCIAL STATEMENTS AND OTHER INFORMATION

WE WILL FURNISH, WITHOUT CHARGE, A COPY OF OUR MOST RECENT ANNUAL REPORT AND THE MOST RECENT QUARTERLY REPORT SUCCEEDING THE ANNUAL REPORT, IF ANY, TO ANY STOCKHOLDER UPON REQUEST. REQUESTS SHOULD BE DIRECTED TO THE COMPANY AT 10 SOUTH WACKER DRIVE, SUITE 2500, CHICAGO, ILLINOIS 60606 (TELEPHONE NUMBER 1-847-734-2000) OR D.F. KING, THE COMPANY'S PROXY SOLICITOR (TELEPHONE NUMBER 1-866-416-0553).

We periodically update performance and certain other data for Company in the "Investor Relations" section of website which can be found at <http://www.ofscapital.com>. Investors and others are advised to periodically check the website for updated performance information and the release of other material information about the Company.

DISTRIBUTION REINVESTMENT PLAN

We have adopted a distribution reinvestment plan that provides for reinvestment of our distributions and other distributions on behalf of our stockholders, unless a stockholder elects to receive cash as provided below. As a result, if our Board authorizes, and we declare, a cash distribution, then our stockholders who have not "opted out" of our distribution reinvestment plan will have their cash distribution automatically reinvested in additional shares of our common stock, rather than receiving the cash distribution.

No action is required on the part of a registered stockholder to have their cash distribution reinvested in shares of our common stock. A registered stockholder may elect to receive an entire distribution in cash by notifying American Stock Transfer & Trust Company, LLC, the plan administrator and our transfer agent and registrar, in writing so that such notice is received by the plan administrator no later than 10 days prior to the record date for distributions to stockholders. The plan administrator will set up an account for shares acquired through the plan for each stockholder who has not elected to receive distributions in cash and hold such shares in non-certificated form. Upon request by a stockholder participating in the plan, received in writing not less than 10 days prior to the record date, the plan administrator will, instead of crediting shares to the participant's account, issue a certificate registered in the participant's name for the number of whole shares of our common stock and a check for any fractional share.

Those stockholders whose shares are held by a broker or other financial intermediary may receive distributions in cash by notifying their broker or other financial intermediary of their election.

We will use primarily newly issued shares to implement the plan, whether our shares are trading at a premium or at a discount to net asset value. However, we reserve the right to direct the plan administrator to purchase shares in the open market in connection with our implementation of the plan. The number of shares to be issued to a stockholder is determined by dividing the total dollar amount of the distribution payable to such stockholder by the market price per share of our common stock at the close of regular trading on the Nasdaq Global Select Market on the valuation date for such distribution. Market price per share on that date will be the closing price for such shares on the Nasdaq Global Select Market or, if no sale is reported for such day, at the average of their reported bid and asked prices. The number of shares of our common stock to be outstanding after giving effect to payment of the distribution cannot be established until the value per share at which additional shares will be issued has been determined and elections of our stockholders have been tabulated.

There will be no brokerage charges or other charges to stockholders who participate in the plan. The plan administrator's fees will be paid by us. If a participant elects by written notice to the plan administrator to have the plan administrator sell part or all of the shares held by the plan administrator in the participant's account and remit the proceeds to the participant, the plan administrator is authorized to deduct a \$15.00 transaction fee plus a \$0.10 per share brokerage commission from the proceeds.

Stockholders who receive distributions in the form of stock are subject to the same U.S. federal tax consequences as are stockholders who elect to receive their distributions in cash; however, since their cash distributions will be reinvested, such stockholders will not receive cash with which to pay any applicable taxes on reinvested distributions. A stockholder's basis for determining gain or loss upon the sale of stock received in a distribution from us will be equal to the total dollar amount of the distribution payable to the stockholder. Any stock received in a distribution will have a new holding period for tax purposes commencing on the day following the day on which the shares are credited to the U.S. stockholder's account.

Participants may terminate their accounts under the plan by notifying the plan administrator via its website at www.amstock.com, by filling out the transaction request form located at the bottom of their statement and sending it to the plan administrator. Such termination will be effective immediately if the participant's notice is received by the plan administrator not less than 10 days prior to any distribution record date; otherwise, such termination will be effective only with respect to any subsequent distribution. The plan may be terminated by us upon notice in writing mailed to each participant at least 30 days prior to any record date for the payment of any distribution by us. All correspondence concerning the plan should be directed to the plan administrator by mail at American Stock Transfer & Trust Company,

LLC, P.O. Box 922, Wall Street Station, New York, New York 10269, or by the plan administrator's Interactive Voice Response System at (800) 937-5449.

If you withdraw or the plan is terminated, you will receive the number of whole shares in your account under the plan and a cash payment for any fraction of a share in your account.

If you hold your common stock with a brokerage firm that does not participate in the plan, you will not be able to participate in the plan and any distribution reinvestment may be effected on different terms than those described above. Consult your financial advisor for more information.
